Brodhead

The third program of the Lyceum course by The McDonald Bros. Co. which consisted of two ladies and one gentleman was given last Friday evening at the school building. The young ladies furnished music and readings and the young man performed wonderful magic tricks and was very much enjoyed by a large crowd. The next program will be given March 23, by The International Glee Club which consists of four young men, and will be a rare treat for each and every one of us, and is prophesied as one of the very best of the course.—Master Leon Chandler, entertained, Tuesday afternoon March 1st, in honor of his tenth birthday. Refreshments were served and a jolly time was the reports of all present. Many nice little gifts were received.—A. L. Payne W. A. Murphy and cashier A. M. Hlatt were in Mt. Vernon Thursday of last week.—Mrs. Willis Russell has been very sick with tonsillitis.—Mr. and Mrs. Ben Craig and little son Master Jones Evans, visited Mr. and Mrs. Francis Bordes on Copper Creek, Saturday.—Brodhead is soon to have a movie under the management of J. Mont Roberts and Charlie Smith.—Earl Phillips was in Mt. Vernon Friday of last week.—Mr. and Mrs. David C. Craig of Mt. Vernon were guests of Mr. and Mrs. Ben Craig later part of last week.—Miss Ella Belle Newland was at home from Crab Orchard from Friday until Sunday.—Mrs. Wm. Murphy has been suffering for some days from a felon.—Mrs. J. T. Lawrence visited her sisters, Mesdames Jack Collins and Lola Sowder and aunt, Mrs. Galin Rogers at Crab Orchard, from Friday until

Monday.—Mrs. A. J. Haggard was very sick with Asthma last week.—Rev. W. F. Rogers of Louisville filled his appointment at the Christian church here Saturday evening. He will be with us the third Sunday in each month and a hearty invitation is extended to every one to come out and hear his splendid sermons.—Mrs. H. E. Christie, Misses Hazel and Nina Albright, Pearl, Sue and Bess Hicks, and Pearl Newland, Messrs. Alvin Murphy, Willie Sowder, Orrin Wallen, Chester Wallin, Milford Albright, Owen Jarrett, Charlie Smith, Warren Shafer and J. Listen! Mrs. Cooper Speaks to the People

To the Republicans both women and men of Rockcastle County.

Dear People one and all:

As a candidate for the office of County Court Clerk I wish to express myself to you in regard to a few things being told you. I hear a lot of stories that are being circulated in regard to my political principles. I cast my first vote in the last November election, and I nailed my cross under the log cabin, which I did to the satisfaction of my own feelings.

I am not a republican because my people said that's the way to vote, for they said you must put your X under the rooster. But a lot of my fathers people vote straight Republican tickets, but that's not why I am a Republican.

I am able to read and write dear friends, I've been trying to learn every since I was five years old. I've tried to learn something all the time that would be a benefit to my home and children. So when the head men of our Nation said, you women of Kentucky must vote, I began to study. I read every thing I could get hold of in regard to our political issues of our Nation as my near neighbors know I wanted to know myself the reason people voted so and so. I learned to my own satisfaction and welfare and formed a camping ground on the Republican shores and there I pitched my tent and I feel now that my strong hold there is on a solid rock foundation fortified with five little orphans as sentences. We feel there is no political wind strong enough to upset our tent or destroy our camping ground. Therefore with these and many other statements I can make I do hope you will begin to see why I am a Republican and a self-made one too. I thank God I'm able to understand and figure things out and not have to depend on other people for light on these mysterious questions. Study people study. "Taxation without representation is unjust." I pay taxes so do other women, so let me represent you, you and your fathers, mothers, sisters and brothers one and all. I'll keep your books so that you will be proud to say, our woman down at Mt. Vernon is O.K.

There is another story in the play that has come to light. "That I am rich just got forty five thousand dollars the other day besides other stuff too numerous to mention. I'm sorry, but this is a false report sure, I wish to God it was so."

My neighbors and bankers know this is untrue, my friend Mr. Tom Niceley who happens to be my honorable opponent and president of the Mt. Vernon bank where we have transacted our little money matters for almost twenty years know this to be a falsehood. May the Lord forgive as I do.

I understand some of the people are wondering why I came out as a candidate. I can tell them a few of the causes here and later when the weather gets better and the mud settles so Doll can get through with shoes on I'll tell you more and more.

1. I have a pretty good knowledge of book keeping.
2. I have a widow woman with five children to feed and clothe and to educate and keep them on the right road to make good men and women. Above all things they should know the love of God and be truthful and honest.

3. So this is meat and bread for me and my little gang of orphans. Another thing we need some change in our offices, a few good women in the offices that they are capable of filling will be better for our County morally mentally and financially.

Now I hope my friends will continue to tell me of the stories that are floating within the circle of good old Rockcastle that I may unfold to them the truth that they may know where to put the stencil 6th of August.

With these few remarks I will say, may the Lord bless and keep each and every one of you in the line of truth until the 6th day of August 1921 and cast your vote under the log cabin and for the widow to help raise the little orphans.

Thanking you for a full fledged vote. I remain sincerely yours for better book keeping for old Rockcastle.

Mrs. Lelia May Cooper.

SUNDAY SCHOOL RALLY AT CHRISTIAN CHURCH

My Dear Helpers:

In your business you place the emphasis upon that department that yields the largest returns. Here is the place for the largest investment of brain and heart. You set up nights working and planning for that department. Let us bring our business ability to the service of the Master and his church. God will hold each member responsible for the service it is in his power to render. The Bible School is the most productive department in our church life today. It adds more members than all the other departments combined. You know that. What are you doing about it? If you are a Christian and not in the Bible School, you are not doing all you can, and We want you. Our Bible School is progressive, aggressive and successful. We want teachers. We want scholars. We want Y-O-U!

Sunday, March 6th is Rally Day in the Bible School. Will you help us by your presence by being one of the 200 expected Sunday. We are going forward and the Bible School leads the way.

Yours for service,

S. T. PROCTOR,

Bible School Superintendent.

BEFORE SPRING COMES, TUNE UP YOUR BLOOD

Your Blood Needs the Help of Gude's Pepto-Mangan in Springtime to Overcome Drowsy, Listless Feelings Called "Spring Fever".

The blood that courses through your body in the arteries and veins is of the most vital importance to the healthy life of the body. The little red corpuscles are what carry life to the millions of cells that make up your body. The blood is also the vehicle that carries away most, if not all, of the waste products. Springtime is the season when the body adjusts itself from the rigors of winter to the heat of summer. You notice how much sickness there is in the spring? Perhaps there are weeks when you feel drowsy and listless, and you call it "Spring fever." It is really your blood that has become weak and thin, and it needs help.

Take that good blood tonic—Gude's Pepto-Mangan. It will give the red corpuscles in your blood new power to carry fresh oxygen to the cells all over the body. You'll notice a change for the better in a few days. It brings the color back to the pale faces and lifts you out of tired, all-gone feelings so that you enjoy full vigor. Spring is the time for a good blood tonic. Take Gude's Pepto-Mangan so that you can enjoy the most beautiful season of the year. Get it at your druggist's, but be sure it is the genuine, with "Gude's Pepto-Mangan" printed on the package. It is sold in both tablet and liquid form. They have exactly the same medicinal value.

HAVE BEEN ASKED if I were going to make a fight for the

Judgeship of the County. My answer, NO. I never have had to fight for a job, but have always had to fight the job to make an honest living. What would you or the courts do with a man that would avail himself with his henchmen and arm themselves and call on the stockholders of any of your four banks or three graded schools in your county and fight his way on the board. I do not believe in force, but peace and harmony, love and equal rights to all. O, how I do wish that I could have the board to understand that Rockcastle is just a great big family of folks: brothers, sisters, mothers, fathers, aunts, uncles, and grand parents; what is mine is yours, and what is yours is mine; we all have equal rights and titles in her, and at all times realize that your neighbor has got to live as well as you.

I am looking forward to the biggest and happiest day of all our past lives—the Fourth of July—the date of our Declaration of Independence, when I am going to give a home-coming to this People, that we might know each other better, and get acquainted, and get that old selfishness out of us. If we would learn more about each other and then try to help each other overcome our weaknesses this would be such a nice place to live. Do good for evil: what's good for the gander is good for the goose: let's lay down our prejudice, not fall out with your neighbors because they don't vote and do like you do, but reason together and you will find that you can always learn something from a fool that will help you to get along in this world. The time is not long on earth for any of us, and unless we can and will do something for our neighbors and our neighbor's children, we had just as well not have lived. So let all get right and live right and then we will be right when the end comes.

Yours for business and the betterment of old Rockcastle County,

J. W. RIDER

CATARRAH—DEAFNESS—on the mucous surfaces of the system. CANNOT BE CURED by local applications, as they cannot reach the mucous portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood

Albert Clark son of D. G. and Nannie Clark of Orlando, Ky., died last Tuesday morning at Johnson City, Tenn. where he was in a National Sanatorium for the treatment of Tuberculosis. His father was with him at the time of his death. He was buried at the family burying ground at Johnetta Tuesday afternoon. The Rev. William Durham conducted the funeral and the Junior Order of American Mechanics also took part in the services. Many who were present remarked that it was the largest gathering they had ever seen at a funeral. There were people from Disputanta, Mullins Station, Wildie, Orlando, and Mt. Vernon and other sections who came out to pay their respects to the dead and express their sympathy to the bereaved family.

FOUND A CURE FOR INDIGESTION.

"I use Chamberlain's Stomach and Liver Tablets for indigestion and find they suit my case better than any dyspepsia remedy I have ever tried and I have used many different medicines. I am nearly fifty one years of age and have suffered a great deal from indigestion. I can eat almost anything I want to, now," writes George W. Emory, Rock Mills, Ala. These tablets contain no poisons but strengthen the stomach and enable it to digest the food naturally.

FATHER POISONS HIS STARVING CHILDREN

Kentuckian Receives Letter From China Telling of the Horrible Famine Conditions There

40,000,000 FACE DEATH

So dreadful are the famine conditions in China, a father poisoned his family to save them from the suffering of starvation. The 40,000,000 people who face starvation now are beginning to die from the dreaded typhus. These conditions are described in a letter to the Rev. Dr. E. Y. Mullins, Louisville, chairman for Kentucky of the China Famine Fund, and also are told of in the report of the American Minister at Peking sent to President Wilson. The campaign to save these people from starvation was launched by the President.

10,000,000 Are Children. The American Minister states that of this number, 15,000,000 are subsisting on dry leaves and 10,000,000 of them are children. Dr. Mullins says this famine is the greatest since the one in 1876 when "the world stood aghast at the death of millions by starvation and cold. The horrors of that year are at our very doors," he said. The area involved is larger than

Inauguration day --- when a new party starts into action --- is a good time for us to tell what we're doing for you this spring

We've put clothes prices on the lowest possible basis

We have been able to make a very material reduction in the price of good clothes

We're doing our part; we've reduced our margins; we've eliminated every item that seemed wasteful so we could give the greatest values in this town

We're doing it too; we're ready to show you --- with the new spring styles

France and embraces Shanghai, Siam, China and Hanoi.

A missionary in a letter received yesterday by Dr. Mullins, says: "This dreadful famine follows five years of crop failures. Millions of men, women and children are eating the last of their dry leaves. The winters here are very cold but these people have no fuel---they depend on leaves and cooling stalks to heat their huts---they have neither.

Typhus Upon Them.

"This appeal is not ours but theirs. I passed from Tschow to Tientsin, there was only barrenness, wheat had been sown in some few spots, but it is a long wait until harvest time and now typhus is upon us.

"I found one very pathetic case. The cow that had kept the family alive for months, failed to give milk for lack of food. She had to be sold for a trifle. The father prepared a good meal of 'Beck's' dumplings for his family. His little daughter asked how it was that they were having such good food after weeks of hunger. After they had eaten, he told them that he had put poison in each dumpling and all would soon be out of their misery. He could not bear to see them starve and they were dead when I arrived.

"Please send money for these poor human beings. The railroad into Manchuria will haul wheat free of charge but we haven't enough money to buy the wheat."

Dr. Mullins has sent an appeal to the clergy of Kentucky to relate the experiences of this missionary. Joseph Burge, treasurer of the Famine Fund, sends the funds to China through the State Department at Washington.
